UNIFORMS & PROTECTIVE WORKWEAR

Healthcare · Firefighter Turnout Suits · Industrial Coveralls · Protective Gloves · Uniforms for Every Field

Manufactured in-house · Sialkot (51310), Pakistan · MOQ 20 pcs per style

ABOUT THE DIVISION

One Factory, Every Profession

Safe-T TECH International runs a dedicated uniforms and protective workwear division from Sialkot, Pakistan. We produce **healthcare uniforms** for hospitals and clinics, **firefighter turnout suits built to certified specifications**, **industrial protective coveralls** and **severe-duty gloves** — and we outfit institutions of every kind with made-to-order uniforms under their own labels.

Everything is made under one roof: automated cutting, specialist stitching lines for uniforms, flame-retardant wear and gloves, in-house embroidery and branding, and a strict **AQL 2.5** quality audit before any order leaves the floor. Direct sourcing of certified technical textiles — aramids, Proban® cottons and Kevlar® components — keeps the specification exactly as agreed.

Our buyers are hospitals, fire and civil-protection services, industrial plants, hotels, schools, security companies and uniform distributors. Trial orders start at just **20 pieces per style**, so any program can be piloted, proven and then scaled with the same patterns, fabrics and sizing held on file.

20 pcs	7–10 days	AQL 2.5	Worldwide
Accessible trial MOQ per style	Typical sampling (coveralls 5–7 days)	Strict pre-shipment quality audits	Air & sea export dispatch

FABRICS & PROTECTION

Materials That Do the Protecting

Material Family	Specification	Used In
Aramid / Nomex®	200–220 GSM, inherently flame-resistant	Firefighter turnout shells
PTFE Membrane	Breathable waterproof moisture barrier	Turnout suit mid-layer
Aramid Thermal Felt	Quilted needle-felt insulation	Turnout suit lining
Proban® FR Cotton	240–350 GSM flame-retardant treated	FR coveralls
Heavy Cotton Twill	280–320 GSM utility twill	Navy work coveralls
Poly-Cotton Blends	Easy-care, colourfast uniform fabrics	Healthcare & staff uniforms
TPR + Kevlar®	Sonic-welded armour, cut-resistant lining	Impact rig gloves
Split Cowhide Leather	Abrasion-grade rigging leather	Rigging gloves

Protection, Specified Honestly

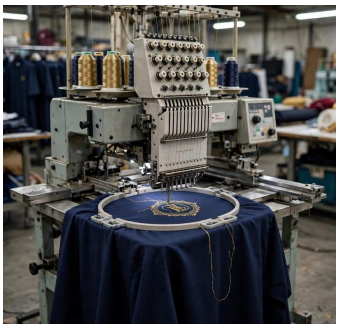

- Turnout suits are built as a **three-layer system** and supplied with certificates, aligned to **EN 469 / NFPA** specifications.
- Impact gloves are built to **EN 388** impact-protection requirements, with Kevlar® lining and thread.
- FR coverall configurations, including anti-static options, are made to your documented specification.

Every Lot Verified

- **GSM test** on every fabric lot against the agreed specification.
- Colourfastness and thermal-stability checks before cutting.
- Component audit — zips, trims, threads and hardware counted and tested.
- Fabric swatches available on request before sampling.

CUSTOMIZATION & PRIVATE LABEL

Your Uniform, Your Identity

On the Garment

- **Embroidery** — names, logos, departments and crests, stitched in-house.
- **Patches & badges** — woven, PVC rubber and aramid badges for protective lines.
- **Epaulettes & insignia** — rank slides and role marks for security and services.
- **Department colour coding** — whole teams matched to your colour system.

Made To Your Specification

- Any style in this catalogue adapted: fabric, weight, colours, pockets and closures.
- Your size chart and grading followed exactly, XS–3XL and beyond.

Labels & Packaging

- **Woven labels & hangtags** — 350–500 GSM cardstock tags with your artwork.
- **Branded polybags** — frosted protective packaging with your identity.
- **Export cartons** — heavy 7-ply boxes, poly-strapped for air and sea.
- Barcode and retail ticketing applied on request.

How It Starts

- Share the design — sampling takes 7–10 working days (coveralls 5–7), with photos shared or the sample shipped for approval before production.

MADE TO YOUR DESIGN

Send us your design, tech file or even a photo — we manufacture it exactly to your specifications: your fabric quality, your sizes, your colours. Your brand, your tags: we sew in YOUR brand label, and a 'Made in [Your Country]' tag if you want it — otherwise we use our standard 'Made in Pakistan' tag.

Exact quotation follows your tech file

Private Label
Labels, tags, packaging — fully yours

HEALTHCARE · STYLE 01

Nurse Uniform Set

The uniform hospital teams live in: a shaped V-neck tunic with trousers, cut for a full shift of bending, lifting and walking. Breathable, colourfast and easy-care, with department colour coding available across the whole hospital.

Fabric	Poly-cotton / performance blend, easy-care	**Colours**	Navy, teal, burgundy — any department colour
Finish / Options	Colourfast, industrial-wash durable; anti-static option	**Sizes**	XS–3XL unisex & ladies
Construction	V-neck tunic with utility pockets and side vents; trousers with elastic-drawstring waist	**MOQ**	20 pcs per style · samples in 7–10 days

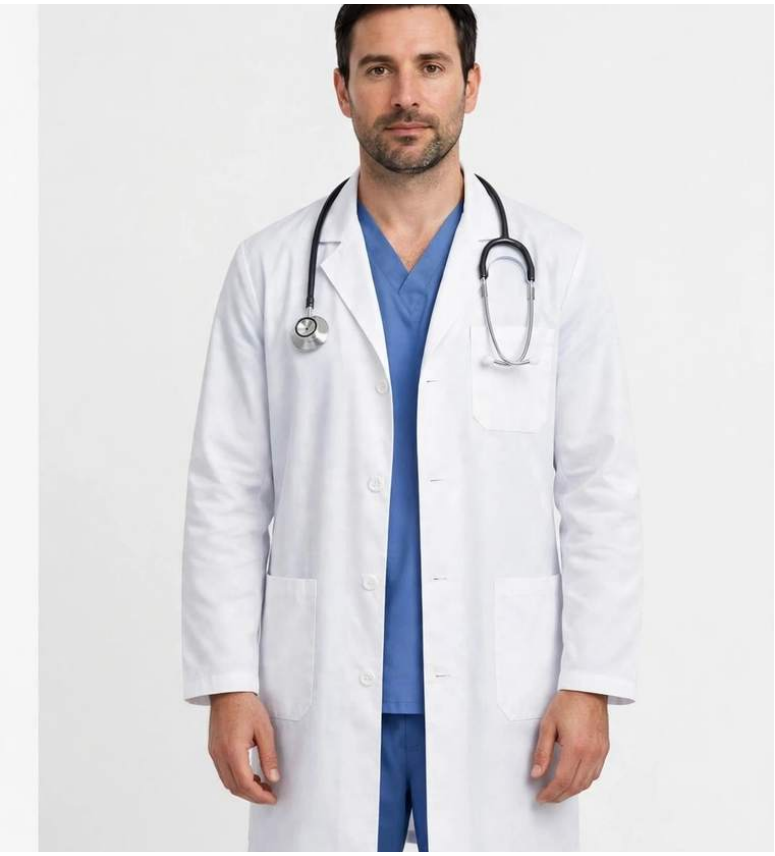

UTILITY POCKETS
Deep pockets placed for ward work

SIDE VENTS
Movement built into the tunic

COLOUR CODING
Departments matched by colour

HEALTHCARE · STYLE 02

Doctor White Coat

The consultation coat with the crisp, professional finish clinical teams expect: tailored collar, reinforced instrument pockets and a fabric that stays white and structured wash after wash.

Fabric	Crisp poly-cotton twill	**Colours**	White
Finish / Options	Crease-resistant; stain-release finish option	**Sizes**	XS–3XL
Construction	Tailored collar, reinforced patch pockets, sleeve pen slot, back vent and belt	**MOQ**	20 pcs per style · samples in 7–10 days

REINFORCED POCKETS
Built for instruments and tablets

TAILORED COLLAR
A sharp, clinical silhouette

NAME EMBROIDERY
Names and departments stitched on

HEALTHCARE · STYLE 03

Doctor White Gown

A longer white gown for rounds, procedures and laboratory work — wrap-front coverage with secure closures, in the same crisp white as our coats so a department can outfit both from one program.

Fabric	Lightweight poly-cotton	**Colours**	White, pale blue on request
Finish / Options	Fluid-resistant finish option; easy-care	**Sizes**	XS–3XL
Construction	Wrap front with tie and snap closures, long protective length, knit-cuff option	**MOQ**	20 pcs per style · samples in 7–10 days

WRAP COVERAGE
Full front protection, secure ties

LONG LENGTH
Coverage for procedure work

ONE PROGRAM
Matches coats, scrubs and tunics

HEALTHCARE · STYLE 04

OT Scrub Suit — Operation Theatre

Theatre wear engineered for sterile environments: scrub sets that hold colour and shape through industrial laundering and autoclave cycles, with surgical gowns and caps available to complete the theatre set.

Fabric	Anti-static poly-cotton scrub fabric	**Colours**	Surgical teal, green, blue — colour-coded
Finish / Options	Fluid-resistant option; autoclave-friendly construction	**Sizes**	XS–3XL unisex
Construction	V-neck scrub top with utility pockets; drawstring trousers; bar-tacked stress seams	**MOQ**	20 pcs per style · samples in 7–10 days

LAUNDRY-PROVEN
Colourfast at 60–75°C washes

BAR-TACKED SEAMS
Reinforced at every stress point

FULL THEATRE SET
Scrubs, gowns and caps together

FIRE PROTECTION — CERTIFIED · STYLE 05

Firefighter Turnout Suit

A structural firefighting ensemble built as a certified three-layer system and supplied with certificates: aramid shell, breathable PTFE moisture barrier and quilted aramid thermal felt, aligned to EN 469 / NFPA specifications.

Fabric	Outer shell: 200–220 GSM aramid / Nomex® blend; PTFE barrier; aramid felt lining	**Colours**	Tan-gold, navy, black
Finish / Options	Inherently flame-resistant; silver FR reflective trim (3M Scotchlite™)	**Sizes**	S–3XL
Construction	Coat and trouser set, heavy brass quick-release zip, drag rescue device, cargo pockets, reinforced elbows and knees	**MOQ**	20 sets · samples in 7–10 days

THREE-LAYER SYSTEM
Shell, PTFE barrier, thermal felt

CERTIFICATES SUPPLIED
EN 469 / NFPA aligned documentation

BRASS HARDWARE
Quick-release zip built for gloves

INDUSTRIAL PROTECTION · STYLE 06

Industrial Work Coverall — Navy Heavy Twill

The heavy-utility coverall for fabrication, maintenance and plant work: heavyweight navy twill, triple feldlock stitching at every stress point, eight utility pockets and action pleats that let the wearer reach, climb and kneel.

Fabric	280–320 GSM heavy cotton twill	**Colours**	Navy (custom colours on request)
Finish / Options	Pre-shrunk, abrasion-resistant	**Sizes**	S–3XL
Construction	Triple feldlock seams, 8-point reinforced utility pockets, back action pleats, two-way brass zip	**MOQ**	20 pcs per style · samples in 5–7 days

280–320 GSM TWILL
Heavy fabric for daily abuse

TRIPLE FELDLOCK SEAMS
Stitched where coveralls fail

8 UTILITY POCKETS
Reinforced, tool-ready storage

INDUSTRIAL PROTECTION · STYLE 07

Proban FR Coverall

Flame-retardant protection for hot-work environments: Proban® FR cotton with a non-sparking brass zip and storm flap, knee-pad pockets and anti-static configurations available to specification.

Fabric	Proban® FR cotton, 240–350 GSM range	**Colours**	Dark grey, navy, royal
Finish / Options	Flame-retardant treated; anti-static (EN 1149) configuration option	**Sizes**	S–3XL
Construction	Two-way non-sparking brass zip with storm flap, knee-pad pockets, tool loops, action pleats	**MOQ**	20 pcs per style · samples in 5–7 days

PROBAN® FR COTTON
Flame-retardant treated fabric

NON-SPARKING ZIP
Brass hardware, storm flap cover

KNEE-PAD POCKETS
Protection where the work happens

HAND PROTECTION — EN 388 · STYLE 08

Impact Rig Gloves

Severe-duty impact gloves for oil, gas and drilling crews: a sonic-welded TPR dorsal shield over the knuckles and fingers, a silicone grip palm that holds wet and oily pipe, and a Kevlar® cut-resistant lining.

Fabric	Synthetic leather palm, TPR armour, Kevlar® lining	**Colours**	Black / red
Finish / Options	Silicone non-slip palm pattern; Kevlar® thread in high-wear zones	**Sizes**	S–XXL
Construction	Sonic-welded TPR dorsal shield, neoprene cuff with pull tab	**MOQ**	20 pairs · samples in 7–10 days

TPR DORSAL SHIELD
Knuckle and finger impact armour

SILICONE GRIP PALM
Holds wet, oily pipe securely

KEVLAR® LINING
Cut resistance inside the glove

HAND PROTECTION · STYLE 09

Rigging Gloves — Split Leather

Abrasion-grade split cowhide rigging gloves for heavy handling, yards and rigging work: reinforced palm patches, shirred elastic backs and cuff lengths from safety cuff to full gauntlet.

Fabric	Split cowhide leather	**Colours**	Tan / brown
Finish / Options	Reinforced palm patches; abrasion-grade finish	**Sizes**	S–XXL
Construction	Shirred elastic back, reinforced fingers, safety-cuff and gauntlet length options	**MOQ**	20 pairs · samples in 7–10 days

SPLIT COWHIDE
Leather that takes abrasion daily

REINFORCED PALM
Extra layer where loads rub

CUFF OPTIONS
Safety cuff or gauntlet length

UNIFORMS FOR EVERY FIELD · STYLE 10

Security Guard Uniform Set

A sharp, authoritative guard uniform: structured shirt or jacket with epaulettes, tailored trousers and space for your badge and insignia — the professional first impression at every gate and lobby.

Fabric	Poly-cotton twill	**Colours**	Black, navy, custom
Finish / Options	Crease-resistant, colourfast	**Sizes**	XS–3XL
Construction	Epaulettes, badge and insignia placement, chest pockets, tailored trousers with belt loops	**MOQ**	20 pcs per style · samples in 7–10 days

Staff Sweatshirt & Jogger Uniform Set

The winter staff uniform: a matched crewneck sweatshirt and jogger set in warm brushed fleece, embroidered with your mark — for delivery teams, event staff and cold-store crews who still need to look like one team.

Fabric	Brushed fleece, 320–360 GSM	**Colours**	Navy, black, grey — custom
Finish / Options	Anti-pill finish, pre-shrunk	**Sizes**	XS–3XL unisex
Construction	Crewneck sweatshirt with ribbed trims; joggers with drawstring waist, side pockets and ribbed ankle cuffs	**MOQ**	20 pcs per style · samples in 7–10 days

MATCHED FLEECE SET
Top and bottom in one dye lot

WINTER WARMTH
Brushed fleece for cold shifts

TEAM EMBROIDERY
Your mark on the chest

REFERENCE

Size Chart — Unisex XS to 3XL

Standard Safe-T TECH grading for uniforms and protective workwear. Measurements are body measurements. Your own size chart and grading can be followed exactly — just share it with your tech file.

Size	Chest	Standard Top Length	Waist (Bottoms)
XS	34 in · 86 cm	26 in · 66 cm	28 in · 71 cm
S	36 in · 91 cm	27 in · 69 cm	30 in · 76 cm
M	38 in · 97 cm	28 in · 71 cm	32 in · 81 cm
L	40 in · 102 cm	29 in · 74 cm	34 in · 86 cm
XL	42 in · 107 cm	30 in · 76 cm	36 in · 91 cm
2XL	44 in · 112 cm	31 in · 79 cm	38 in · 97 cm
3XL	46 in · 117 cm	32 in · 81 cm	40 in · 102 cm

Uniforms & Healthcare

Tunics, coats and shirts grade on chest with working ease for movement and layering. Ladies styles follow a shaped block; unisex scrub and theatre sets follow the chart above.

Coveralls & Turnout Suits

One-piece garments grade on chest and inside leg together, with room for base layers. Turnout ensembles are sized as coat-and-trouser sets so both pieces always match.

Gloves — S to XXL

Impact and rigging gloves are graded **S–XXL** on hand circumference, from approximately 7 in · 18 cm (S) to 11 in · 28 cm (XXL). Your glove size run can be followed exactly.

Fitting Notes

Protective garments are patterned with their working layers in mind — a turnout coat is cut to move over its thermal lining, and a coverall over the clothes beneath it. If your organisation runs a different fit block or national sizing system, we grade to your measurements instead at no change to sampling time.

ORDERING GUIDE

From Design To Delivery

1. **Share Your Design**
   Send your tech file, design or reference picture — plus fabric, weight, colour and size requirements. An exact quotation follows.
2. **Sampling**
   We make your sample in 7–10 working days (coveralls in 5–7) and share photos, or ship it, for your approval.
3. **Approval & Order**
   Once the sample is approved, confirm quantities and sizes. Quantities, timelines and terms are agreed in writing on the order confirmation.
4. **Production**
   Your order is cut, stitched and finished in-house, with your labels, tags and packaging applied during finishing.
5. **Quality Control & Dispatch**
   Every order passes the AQL 2.5 audit, is measured and checked, then packed for express air or sea dispatch.

20 pcs	7–10 days	AQL 2.5
Minimum order per style	Sampling (coveralls 5–7 days)	Audit before every dispatch

> **Made to your design** — your fabric quality, your sizes, your brand tags (‘Made in [Your Country]’ on request, otherwise ‘Made in Pakistan’).

Start with a 20-piece trial, prove the garment with your team, then scale with the same patterns, fabrics and sizing already established with us — repeat orders match the first order in fit, colour and finish.

WHY SAFE-T TECH

Why Companies Choose Safe-T TECH

AQL 2.5 Quality Audits

Three-stage control — material check (GSM, colourfastness, thermal stability), stitching audit (seam pull and thread tension), and a pre-shipment sizing and finish check with a photo report before dispatch.

Certified Protective Builds

Turnout suits supplied with certificates and built as documented three-layer systems; impact gloves built to EN 388 requirements. Specifications are agreed in writing and audited against them.

Low Trial MOQ — 20 Pcs

Pilot any uniform or protective style from 20 pieces per style. Prove fit, fabric and finish with your own team before committing to volume.

Consistent On Reorders

Your patterns, fabrics, dye lots and size grading are recorded with us, so the hundredth order matches the first — in fit, colour and construction.
