ABOUT US

Swimwear, Made Under Your Label

Safe-T TECH International manufactures swimwear in Sialkot for **swim brands, boutiques and online labels** — complete bikini and one-piece ranges, cover-ups, and a dedicated crystal embellishment studio for competition suits. Everything is cut, stitched, lined, finished and quality-checked in-house.

Swim is a hard category to launch: fit is unforgiving and seasons are short. That is why our minimums start at **30–50 pieces per style** — low enough to test a print, a colour story or a whole new line, with patterns, fabrics and colours held consistent for your mid-season reorders.

Plain colours, your own custom prints, branded hardware and private-label packaging — send us a design or a tech file and we return a finished sample in 7–10 working days.

FABRICS & PRINTS

The Fabrics Behind The Range

Swim Knit 200–220 GSM

Nylon-elastane with four-way stretch and a smooth, opaque hand — the base of every bikini and one-piece in this catalogue.

Recycled-Yarn Options

Regenerated nylon swim fabrics available on request for brands building a sustainability story.

Performance & PBT

Chlorine-resistant PBT blends for training and club swimwear that trains daily and keeps its shape.

Lining & Power Mesh

Soft full lining as standard; power-mesh panels where a style needs gentle control and smoothing.

Built For Water

- Chlorine- and salt-water resistant dyeing and elastics, tested for colourfastness.
- Rust-proof rings, sliders and connectors — swim-safe hardware only.
- Elastic edges that recover after every swim; no bagging at the leg or underbust.

Prints

- Custom digital prints from your artwork — florals, tropicals, geometrics, logos.
- Placement matched across sizes so a print reads the same on XS and XXL.

Finishing Details

- Removable pads, grip edges and adjustable ties engineered per style.
- Crochet trims and cover-up fabrics matched to your swim colour stories.
- Crystal embellishment applied and checked by hand in our own studio.

Quality Habits

- Every style is fit-checked, stretch-tested and inspected wet-dry before packing; shade and print are matched across the full size run.

CUSTOMIZATION & PRIVATE LABEL

Your Design, Made Exactly

Your Prints & Colours

- Send your print artwork — we print, match and grade it across all sizes.

- Fit adapted to your block: coverage, leg line, cup and strap options.

Branded Hardware

- Logo charms, engraved rings and branded sliders on request.
- Crystal embellishment in your colours and patterns, from our studio.

Your Brand, Finished

- Your woven labels and size labels sewn in as standard.
- Your hang tags, hygiene liners and branded packaging.
- Retail-ready folding and polybagging; barcode ticketing on request.

How It Starts

- Share the design — sampling takes 7–10 working days, and we share photos or ship the sample for approval before production.

MADE TO YOUR DESIGN

Send us your design, tech file or even a photo — we manufacture it exactly to your specifications: your fabric quality, your sizes, your colours. Your brand, your tags: we sew in **your brand label**, and a ‘Made in [Your Country]’ tag if you want it — otherwise we use our standard ‘Made in Pakistan’ tag.

Size Chart — Women XS to XXL

Standard Safe-T TECH swim grading. Measurements are body measurements. Your own size chart and grading can be followed exactly — just share it with your tech file.

Size	Bust	Waist	Hip
XS	32 in · 81 cm	25 in · 64 cm	35 in · 89 cm
S	34 in · 86 cm	27 in · 69 cm	37 in · 94 cm
M	36 in · 91 cm	29 in · 74 cm	39 in · 99 cm
L	38 in · 97 cm	31 in · 79 cm	41 in · 104 cm
XL	40 in · 102 cm	33 in · 84 cm	43 in · 109 cm
XXL	42 in · 107 cm	35 in · 89 cm	45 in · 114 cm

Cup Guidance

Triangle, scoop and bandeau styles are graded S–XXL with removable pads and suit most cup sizes comfortably. Underwire balconette styles can be graded by band and cup (for example 34B–40DD) on request — share your cup grading with the tech file and we build the wires and cups to it. Tie-side and ring styles are free-size adjustable at the hip and soften the fit across neighbouring sizes.

Bikinis

Tops and bottoms are graded together as a set; mixed-size sets (for example M top, L bottom) can be packed on request for direct-to-consumer brands.

One-Pieces

Graded on bust, waist and hip with torso length checked at every size, so the fit holds at XXL exactly as it does at XS.

Competition Suits

Crystal stage bikinis are tailored to the athlete's own measurements and division brief rather than the standard chart.
